

Renown Group Coach Hire Risk Assessment

Risk Assessment Policy as Coach Hire Operators

At Renown Group, we never compromise on your safety when offering you affordable prices when you hire a coach from us.

We operate to the highest standards within the coach hire industry for the maintenance of our vehicles.

Passengers and employee safety is paramount. We have a documented Health and Safety Policy and fully documented systems for coach safety management and inspections. We comply with our legal obligations to ensure the safety of our passengers and the general public.

All aspects of driver operation and the preventive maintenance of vehicles are subject to continual risk assessment. It is the responsibility of staff to identify areas where additional risk assessments need to be carried out, bringing these to the attention of their Health & Safety Officer. We will be happy to assist with your preparations.

All our coaches are safety checked on a four weekly basis and prior to travelling, our drivers complete a walk around check as set out by DVSA (see image below). All our coaches are fitted with seatbelts.

We have public liability insurance in place.

PSV DRIVERS' WALK AROUND CHECK
